## 10. Grading Criteria:

No points will be awarded for any violation of the flowing rules.

## Abacus \& Mental Arithmetic Items:

A. Write your answers with Arabic numbers clearly. Unclear or ambiguous writing will be considered invalid.
B. If a question has more than one answer, no points will be given no matter if one of the answers is correct.
C. Use a "comma (,)" to separate every third digit in a whole number which has 3 or more digits.

Example: 5,384,200
D. Decimal point "." and a comma "," must be clearly distinguished, otherwise it will be invalid.
E. No decimal point (.) is allowed after a whole number.
F. In a "monetary (\$) question, write two "zeros" after the "decimal point (.)" Example: \$4,832.00
G. Underlining decimal numbers voids the answer.
H. Draw "double lines" to cross out the entire number if you discover a mistake, then write the correct answer under, or next to it. DO NOT USE an eraser or correction fluid to cover the wrong answer or to make a partial correction. Example: \$34.78 \$34.79 (valid); \$34.78\$34.79 (invalid)
I. Additional markings other than the answer will void the correct answer on that specific question.

Abacus Rounding Rules:
a) Grades 1, 2 and Advanced Level: For Monetary calculations round to the $2^{\text {nd }}$ place after the decimal point. Example: $\$ 12.345$ should be rounded to $\$ 12.35$
b) Grade 2: For Non-monetary calculations round to the $3^{\text {rd }}$ place after the decimal point.

Example: 15.2741 should be rounded to $15.274 ; 15.2748$ should be rounded to 15.275
c) Grade 1: For Non-monetary calculations round to the $4^{\text {th }}$ place after the decimal point.
d) Advanced level: For Non-monetary calculations round to the $5^{\text {th }}$ place after the decimal point.
e) A "non-monetary" answer with pure decimal number or mixed decimal number that ends with "zero (0)" rounded or not, is invalid.
f) Advanced Elite 10 Paper: Required to finish both multiplication and division problems.
11. Participants found to drop levels, use an impostor, or otherwise cheat will be disqualified.

For matters not covered, a decision will be made on the exam date.
